Re: Latex Glove Litigation - MDL 1148

Date: August 11, 2003

Enclosed please find Master Notice of Deposition Amended (15a) and Assignment of Depositions Amended (15a) in connection with the above-captioned matter.

This will advise that at the request of defense counsel the deposition of Michael Peirce has been postponed to be rescheduled at a later time.

This will also advise that a clerical error was made in Master Notice of Deposition Amended 15 with regard to the location of the Ann Oman and Anne Baldwin DeMarinis depositions. This error has been corrected on the enclosed notice. I apologize for any inconvenience this oversight may have caused.
