**ORDER**

**AND NOW**, this 1<sup>st</sup> day of February, 2012, following upon our Order of this same date in the “Top Ten” Cases (e.g. 11-63482 Doc. No. 299), all parties are advised that the MDL Court will not consider motions *in limine*. It is the judgment of this Court that those motions will be more appropriately handled in the district courts to which the cases will be remanded. Accordingly, the parties are hereby **ORDERED** to refrain from filing any such motion in the MDL.

Nothing in this Order should be construed to limit or in any way affect the right of parties to file case dispositive motions, in accordance with the various scheduling orders applicable to any particular case. Further, nothing in this Order should be construed to limit the inclusion of any limine issue, including that which may pertain to the use of evidence from an expert, where the exclusion of the evidence would have a case dispositive effect, as part of a motion for summary judgment. Nor should this Order be construed to preclude the filing of separate case dispositive motions as distinct case dispositive issues may arise at different points. For the sake of efficiency, however, case dispositive issues should be grouped together

to the extent that such a joint motion is possible.

This Order shall have no effect upon the prospective testimony of Drs. Schonfeld, Anderson and Sadek, which are the subject of a separate order.
