ORDER

AND NOW, this 21st day of January, 2016, upon consideration of the defendants' motion to supplement expert disclosures (Doc. No. 186), plaintiff's response thereto (Doc. No. 187), other supplemental information related to the motion provided to the court by the parties, and after oral argument and a telephone conference with counsel, it is hereby **ORDERED** that the motion is **GRANTED**, as follows:

- 1) The defendants shall file any supplemental expert report(s) related to the new information outlined in their motion by **Friday, January 29, 2016.**¹
- 2) The plaintiff shall file a response, or responses, to the defendants' supplemental expert report(s) by **Friday, March 18, 2016.**
- 3) The defendants may file any additional Daubert motion(s) based on a supplemental expert report, or reports, by **Friday, January 29, 2016.**
- 4) The plaintiff shall respond to any additional Daubert motion(s) filed by the defendants based on the supplemental expert report(s) by **Friday, March 18, 2016.**²
- 5) The plaintiff may file any additional Daubert motion(s) based on the supplemental expert report(s) by **Friday, March 18, 2016.**
- 6) The defendants shall respond to any additional Daubert motions filed by the plaintiff by **Friday, April 8, 2016.**

BY THE COURT:

/s/Lawrence F. Stengel
LAWRENCE F. STENGEL, J.

¹ This information is raw data pertaining to an article entitled "Acetaminophen-Induced Acute Liver Failure: Results of a United States Multicenter, Prospective Study" (Larson, et al., Hepatology, Vol. 42, No. 6, 2005), published by members of the Acute Liver Failure Study Group (ALFSG). Specifically, the defendants have asked that the court allow their experts to review 19 case report forms, which they claim are the 19 cases discussed in the article regarding "Ingestion of Low Doses of Acetaminophen: [less than or equal to] 4 Grams/Day." See *id.* at 1368.

² If additional Daubert motions are filed, a hearing will be scheduled to address those Daubert motions.
