<sup>1</sup> Defendants have asked the Court to impose additional restrictions on those attorneys assigned to leadership positions, including a limitation on counsels' ability to file in state court cases that would qualify for inclusion in this MDL. After reviewing the parties briefing on this issue (Doc. Nos. 32, 33, 47), the Court declines to impose such a restriction at this time. Although the Court is extremely concerned about the potential for forum shopping—especially given the representations made by attorneys in the related MDL No. 3094—there are other methods for Defendants to address those concerns (e.g., forum non conveniens motions in state court).
